About Me

Final-year Mobile Application & Technology student at Bina Nusantara University with hands-on experience in developing cross-platform mobile applications and web solutions. Experienced as a Mobile Developer Intern at PT Time International, building internal mobile applications for Android and iOS using Flutter, as well as web applications using React.js. Passionate about creating scalable, user-friendly applications and continuously learning modern technologies. Strong in problem-solving, teamwork, and delivering impactful solutions.

Experience

Mobile Developer Intern
Time International
2025 - 2026

As a Mobile Developer Intern at PT Time International, I developed cross-platform mobile applications for Android and iOS using Flutter, and built internal web applications using React.js. I collaborated with the team to implement scalable features, while maintaining and improving application performance and user experience to support internal business operations.

Project

TeachHub

TeachHub is an iOS application built with Swift, designed as a B2B platform to support independent learning for educators. It focuses on delivering a structured and user-friendly experience, enabling teaching professionals to easily access and engage with learning materials.

Puff & Poof, Bonk Garage

Puff & Poof and Bonk Garage is a marketplace specifically for buying and selling dolls and diecast models. It is developed using Android Studio (Kotlin), it offers user-friendly platform where collectors and enthusiasts can easily browse, list, and purchase items.

Bonk Toys

This application is a marketplace dedicated to buying and selling action figure models, it offers a wide selection of action figures from various categories. Built using Flutter, the app delivers a smooth and responsive experience.

Education

Bina Nusantara
2022 - Present
Bachelor of Computer Science

I learned many programming languages like Java, Dart (Flutter), Kotlin (Android), Swift (iOS) and many more. I also learned about project planning, project team work and other soft skills.

Regina Pacis Bogor
2019 - 2022
Senior High School

I learned about many things in high school such as time management, team work, effective speaking, analytic and many more.
